I hope you had a happy and healthy Valentine's Day! Like it or not, this is the day of the year we may find ourselves overwhelmed with messages about love, candy, flowers and romance. It can really be a day of remembering the importance of giving and receiving respect in relationships - including with yourself.

Valentine's Day is a wonderful reminder about healthy, safe love in respecting boundaries and needs of the people you love...and who love you. So ask yourself, what is the true meaning of love?

Here is one of the true meanings of love, a story of a young girl who was blind...

This story of Valentine's Day begins in the third century with an oppressive Roman emperor and a humble Christian Martyr. The emperor was Claudius II. The Christian was Valentinus.

Valentinus was an imprisoned Roman soldier who helped the blind daughter of his jailer, with her lessons, when suddenly a brilliant light shown in the prison cell and a miracle happened! [Click](#) to read more...

My heart is so full from the love Trish & her team at Safe Passage continuously pour into my life at the most unexpected moments they bless me beyond measure. Being apart of the Safe Passage family is such a need in my life from something as simple as a warm smile to frequently checking in on me and my children. I feel their prayers and love even when they aren't around.

I find so much confidence in my ability to keep going with my best foot forward as a single mom anytime I leave a workshop or event they host. I appreciate their time and the resources they endlessly bless my family with. Every encounter has been a tremendous uplift in my spirit, during the holiday they blessed my family with unexpected gifts. That meant the world to me and helped me more than they will ever know! Safe Passage always finds a way to warm up a tough spot with love and showers you with best resources! I always feel like I can conquer my goals because of how many times they've met a need for me or my children. It truly gives me a peace of mind.

They have been just that far too for me. A PEACE OF MIND that I'm so grateful for. *Jacquene Richardson*
